Gufran Pathan

Curriculum Vitae

Email: gufranpathan@fas.harvard.edu

Education

Harvard University
PhD, Government — *Sep 2026 – Present*
Rupert Emerson Fellow in Government

University of California, Berkeley — GPA: 3.94/4
Master of Development Practice — *Aug 2021 – May 2023*

Harvard University, Extension School — GPA: 3.86/4
Masters (ALM), Data Science — *Jan 2019 – Dec 2024*

VIT University — GPA: 6.93/10
Bachelor of Technology (Biotechnology) — *Jul 2009 – May 2014*

Research Experience

University of California, Berkeley — Berkeley, CA
Predoctoral Research Fellow at CEGA — *Jul 2023 – May 2026*

- **Prof Edward Miguel & Prof Marshall Burke**
  - *Publication Bias Project*: Reviewed 135 papers; pre-analysis plan; RCT implementation; data cleaning in R; created tables & plots for paper; estimated treatment effects; spillover analysis
  - *Syrian Refugees Project*: Analyzed treatment effects; implemented Lee Bounds; replication package
  - *Remote Sensing*: Processed satellite imagery using machine learning models to predict treatment effects

Princeton University — Princeton, NJ
Research Assistant — *Jan 2023 – Jul 2023*

- **Prof Saad Gulzar & Prof Tanushree Goyal**
  - *India Names Project*: Processed dataset of 1 billion voters; calculate name probabilities for over 1 million names; religion prediction using machine learning; segregation analysis

Working Papers

"*Increasing Polarization of Hindu-Muslim Identity in India*" with Feyaad Allie, Viktor Enssle, Tanushree Goyal, Saad Gulzar, Gufran Pathan. (Under Review)

"*Beyond Publication Bias: Characterizing and Understanding Missing Results in Economics*" with Fernando Hoces de la Guardia, Edward Miguel, Gufran Pathan, Akash Shaji, Viviane Silva da Rocha, Erik Sørensen, Bertil Tungodden

"*Powering Field Experiments from Space*" with Iván Higuera-Mendieta, Gufran Pathan, Marshall Burke, Edward Miguel (Work in progress)

Teaching Experience

- Data Mining and Analytics with *Prof Zachary A. Pardos* — EDUC 244, Fall 21, UC Berkeley
- Development Economics with *Prof Ben Faber* — Econ C171, Spring 22, UC Berkeley
- Misinformation & Disinformation with *Prof Saul Perlmutter* — LS 22, Spring 23, UC Berkeley

Conferences

Research Transparency and Reproducibility Training May 2025
Reproducible Workflows in Stata, R, & Python *Berkeley, CA*

Research Transparency and Reproducibility Training Jun 2024
Reproducible Workflows in R & Python *Berkeley, CA*

Industry Experience

Data Science Specialist Sep 2018 - Jun 2021
Abu Dhabi Commercial Bank *Abu Dhabi*

- Founding member of Data Science Team in Digital Transformation; led cross-functional team to design and prototype next-gen analytical Data Lake
- Developed fraud detection model (40% improvement), price-elasticity model, and customer journey solution; identified money laundering rings via network analysis; optimized collections process (USD 1M+ annual savings)

Data Scientist May 2017 – Aug 2018
Algorythma *Abu Dhabi*

- Led Data Science function for a live-streaming product; designed product-health metrics and experiments; developed analytical infrastructure and real-time data pipeline

Decision Scientist Jun 2014 – Apr 2017
Mu Sigma *Bangalore*

- Responsible for solution design, client engagement & business growth (USD 300K new business); led Data Science teams delivering solutions to Fortune 500 companies in US and Europe; conducted training on problem-definition and design thinking
- Led recommender solution for US credit card issuer (104% CTR increase); ML-based fuzzy matching solution (90% reduction in manual effort); supply chain solution for European steel manufacturer (€13M annual savings)

Skills

Programming and Software: R, Python, Stata, LaTeX
Languages: English (Fluent), Hindi (Fluent), Urdu (Fluent), Arabic (Intermediate)
